

Finish guide

Choose the right finish for your project

Superfloor Bronze

Surface polished to give a mottled marbled effect

Sometimes referred to as the "Bunning's floor"

Superfloor Silver

Ground to expose a fine grain of stones to resemble "Salt & Pepper"

Superfloor Gold

Ground to 4mm to reveal larger stones
Commonly known as mixed-mid stone or light exposure

Superfloor Platinum

A full stone treatment down to 6mm to expose larger stones
